MEETINGS

Meetings twice each month from October to May, inclusive: the first Tuesday at 8:15 P.M., at the American Museum of Natural History or at Columbia University; the third Wednesday at 3:30 P.M., in the Museum Building of the New York Botanical Garden, Bronx Park, New York, N. Y.

PUBLICATIONS

All subscriptions and other business communications relating to the publications of the Club should be addressed to the Treasurer, Dr. H. N. Moldenke (mail address, 187–189 College Street, Burlington, Vermont, or New York Botanical Garden, Bronx Park, New York, N. Y.). Matters relating to advertisements and circulation should be referred to Dr. Michael Levine, Montefiore Hospital, New York, N. Y. All communications regarding exchanges should be referred to the Corresponding Secretary, who is Chairman of the Exchange Committee on Publications.

Bulletin. Established 1870. Monthly, except during July, August, and September. Price, $6.00 a year; single numbers 75 cents. Of former volumes, only 24–56 can be supplied separately; certain numbers of other volumes are available, but the entire stock of some numbers has been reserved for the completion of sets. Manuscripts intended for publication in the Bulletin should be addressed to Dr. R. P. Wodehouse, 75 Ridge Drive, Yonkers, N. Y. The editors may accept papers up to 20 pages in length, with illustrations and tabular matter generally not exceeding twenty per cent of that amount. Longer and more copiously illustrated papers, however, may be published if the excess pages, illustrations, and tabular matter are paid for by the contributors. Claims for missing numbers should be made to the Treasurer within 60 days following their date of mailing. The Treasurer will supply missing numbers free only when they have been lost in the mails.

Torreya. Bimonthly, established 1901. Price $1.00 a year. Manuscripts intended for publication in Torreya should be addressed to Mr. George T. Hastings, Editor, 2587 Sedgwick Ave., New York N. Y.

Memoirs. Occasional, established 1889.

Preliminary Catalogue of Anthophyta and Pteridophyta within 100 miles of New York City, 1888. Price, $1.00.

Reprints. Contributors of articles accepted for publication in the Bulletin should order reprints, if desired, when they return galley proofs to the editor. They may be ordered through the editor from the Free Press Interstate Printing Corp., Burlington, Vt., the contributor paying for all his reprints. A schedule of rates is sent with galley proof.

A TEACHING GUIDE TO THE TREES AND SHRUBS OF GREATER NEW YORK

VIII + 76 pp.—map

By

ARTHUR HARMOUNT GRAVES, Ph.D.
Curator of Public Instruction, Brooklyn Botanic Garden

and

HESTER M. RUSK, A.M.
Instructor, Brooklyn Botanic Garden

ATTENTION IS CALLED TO THE FOLLOWING FEATURES

1. *Both trees* and *shrubs* are included (270 species in all).
2. *Both winter* and *summer* characters are given, with keys based on appearance at those seasons.
3. *Commonly cultivated* trees and shrubs are included.
4. The *essential vegetative* characters are emphasized—features by which the species may be recognized at any time of the year.
5. Technical terms are for the most part avoided.
6. Locations in Greater New York are given where good specimens are available for study.
7. The book *fits the pocket* and is therefore handy for field use.
8. The book can be used to advantage for the Northeastern U. S. and adjacent Canada as well as for the New York City region.

Price $ .75. 10 copies for $7.00. Postpaid
